

[illegible]

HALF-YEARLY SALE

Hundreds of Overcoats, Suits and Odd Trousers reduced for the Half-Yearly Sale. Watch our windows and get into this store to-morrow for first choice of these splendid garments.

Remember this is the store that sells only Sanford & Co.'s garments--never a garment made for special sales, but every Overcoat, Suit and pair of Trousers tailored to give lasting satisfaction.

Reduced to \$20

The finest grades of English coatings we have sold this Winter at \$22.50 and \$25.00 include nap cloths, vicunas, heavier cloths and heavy tweeds. Blacks, blue-blacks, browns and greys, made in ulster, Chesterfield and "slip-on" models, and in the form-fitting "Beatty" model for young chaps. These splendid coats we are going to offer now at \$20.00.

Reduced to \$13.50

The heaviest selling we have done this Winter has been in our \$15.00 to \$20.00 lines, and you'll see by our big window display the coats we refer to. Blue nap cloths and chevots, grey and brown tweeds in both light and dark shades and mixtures. These \$15 to \$20 coats are also made in the various models for young men--big, loose Balmacaans and close-fitting models, with and without velvet collars, and we are offering a big lot to choose from at \$13.50.

TROUSERS AT

\$1.18

It's a pretty low price for the advance in all woven goods, and there is considerable wool in most of these trousers we are going to offer at the above price. Brownish and grey stripes, tweeds and imitation wools, all good dark colors. Worth \$1.25, \$1.35 and \$1.50. Sizes 30 to 44 waist. For \$1.18.

TROUSERS AT

\$1.95

Some of these are fine-finished materials, suitable for wearing with dark coats. Some are heavy Canadian tweeds, for everyday wear, and one line is the heavy "diamond" tweed, suitable for teamsters. Worth \$2.50, for \$1.95.

Men's Suits

\$18.00

We have decided to offer in this lot a great array of our \$20.00, \$22.50 and a few \$25.00 suits; dark colors and mid grey and brown plaids, checks and hairline stripes. Sizes 34 to 44, for \$18.00.

Men's Suits

\$9.70

A pretty choice lot of dark-colored tweed suits and a few mid grey and brownish mixtures. Every suit tailored by the Sanford Co. and made to sell at \$12.00 to \$13.50. Sizes 34 to 44. On sale to-morrow at \$9.70.

Men's Suits

\$13.50

A big range of dark colors to choose from; fine hairline stripes and pin checks, brown and grey herringbone patterns and plain twills. Regular \$15.00, \$16.00 and \$18.00 suits for \$13.50.

SPECIAL NOTICE

The following is a list of odd garments which we will sell at reduced prices to make a quick clearance:
 6 Men's Sweater Coats, grey, with red trimming, \$5.00.
 2 Men's Ulster Sweaters, dark colors, \$5.00.
 23 Boys' Sweater Coats, sizes 4 to 12 years, assorted colors, to go at half price, \$1.
 28 Men's Wool Underwear, small and large sizes only, price \$1.00 to \$2.00, to clear at 75c.
 24 Men's Grey Flannel Shirts, with detachable collars, sizes 14 to 18, regular \$1.50 to \$2.00, to clear at \$1.00.

Reduced to \$9.70

Tweed Ulsters in six different styles of materials, plain Chesterfield coats with velvet collars, Balmacaan coats with self collars. Regular \$12.00 to \$15.00 overcoats to be sold at \$9.70.

Finer Trousers \$3.50

Most of these are regular \$4.00 to \$4.50 lines, but only one or two pairs of a kind left. English wools and tweeds, some light colors amongst them, but mostly dark grey and brownish stripes and bold black and grey stripes. Sizes 30 to 44 waist. For \$3.50.

Finer Trousers \$4.50

See our south window display for some of the finer qualities, suitable for wearing with black frock coat or navy blue coat and vest. Light grey and dark grey stripes. Regular \$5.00 and \$6.00 qualities, for \$4.50.

OAK HALL 10-12 James Street N.

RUSS FORCES CONTINUE TO DRIVE AHEAD

Advance Against the Trenches Between Strips Reaches and Roumania.

HUN BASE MOVED

Altogether 3,000,000 Men Engaged in Galician and Volynian Struggle.

London, Jan. 6.—A Petrograd dispatch says:

"It appears not improbable, according to advices from the front, that the Austro-German forces at the southern extremity of the fighting zone will be forced back to the line running through Kolomoia, Stanislav and Vahlin in the near future as the result of the steady, continuous advance of the Russians between the upper reaches of the River Dniester and the Roumanian frontier. Already the Austrians are reported to have retired, and their base from Cernovitz towards Kolomoia."

"Notwithstanding the fact that the Austrians are fighting courageously, the Russians, it is declared, have succeeded in taking by storm fortifications around Cernovitz that were reputedly described in the German press as impregnable. Having cut the railway line from Stanislav to Cernovitz, the Russians are threatening communication between Cernovitz and Kolomoia."

The sons of the Russian offensive is extending northward, bringing into action the left flank of the central front. From Olita they have made an out-post on the railway line 35 miles to Kovel, and are reported advancing along the roads in the direction of and close to Lutzk and also between Poleschchinsk and Kovel, where the roads in the direction of the railway west of the River Prythia are reported as especially important. The Russian advance is being followed by the German forces, and the German forces are reported to have advanced to the line running through Kolomoia, Stanislav and Vahlin in the near future as the result of the steady, continuous advance of the Russians between the upper reaches of the River Dniester and the Roumanian frontier. Already the Austrians are reported to have retired, and their base from Cernovitz towards Kolomoia."

The Berlin official report admits that German forces in the forest of Lublinski were compelled to retire before attacks by "superior forces of Russians." The Russian report also states that there has been a notable increase in the activity of the German forces in the forests of the River Dniester, and that the Russian forces have been forced to retreat from the line running through Kolomoia, Stanislav and Vahlin in the near future as the result of the steady, continuous advance of the Russians between the upper reaches of the River Dniester and the Roumanian frontier. Already the Austrians are reported to have retired, and their base from Cernovitz towards Kolomoia."

ATTACK UPON SALONIKI TO BE MADE SOON

Invasion of Greek Territory by Bulgarians and Serbs to be Imminent.

ALLIES READY

Greek Army Bitter About Possibility of Ancient Enemy Being Allowed In.

London, Jan. 6.—Despatches received here from several sources today indicate that the invasion of Greece by the armies of the central powers is about to begin.

The report of yesterday for the Frankfurter Zeitung that Field Marshal von Mackensen had been ordered to move against Saloniki has been generally corroborated by statements from Athens, Belgrade and Rome. According also to the Saloniki dispatch, the allies are making all preparations to meet such an attack.

The Bulgarians, he says, have remained in Saloniki since the Greek border within the Greek border, and the allies have been active in transporting ammunition to their lines at the border. Anglo-French air squadrons, he also says, are keeping careful watch.

Albans and Home papers print similar reports. Athens stating that a Greek border within the Greek border, and the allies have been active in transporting ammunition to their lines at the border. Anglo-French air squadrons, he also says, are keeping careful watch.

The Serbian Finance Minister, M. Markovitch, who is now in Moscow, from Athens, said that Serbia is prepared to fight against the Bulgarians, and that the allies have been active in transporting ammunition to their lines at the border. Anglo-French air squadrons, he also says, are keeping careful watch.

NEW COLLEGIATE IS DEMANDED BY INSPECTOR

Committee Notified of Dissatisfaction With Present Building—Is Overcrowded.

DISMISS THEM

Trustees Want to Let Go Principal and Outrigger at Ottawa Street School.

The final session of the Internal Management Committee of the Ottawa Street School, held last night, was a session without important matters being introduced, although several of them were left for the 1916 body to deal with. One of these was the declaration of Inspector Hamilton, representing the provincial authorities, that a new collegiate was necessary, that where Hamilton had 531 pupils attending one institution, others had nearly 600 or more.

Trustees C. G. Boppre and Dr. Leeming Carr explained that they had been the official and that he had announced his intention of resigning Hamilton's Collegiate as second-in-command. This was because of overcrowding and unsatisfactory arrangement of light, the technical school closing two rooms from the sunlight as called for by the law.

The committee allowed to the task of turning the technical school into a portion of the collegiate, but it was emphasized that this would not do, as the desire was to have two small institutions instead of one large one.

GREY SATISFIED

British Foreign Minister Pleased With Greek Situation.

London, Jan. 6.—Sir Edward Grey, the Foreign Secretary, referred indirectly in his House of Commons today to the Greek report against the arrest by the British of Greek ships in the Aegean Sea, and said that the British government was satisfied with the Greek situation.

NOT IMMUNE

Parcels Post On Neutral Ships Not Free From Seizure.

London, Jan. 6.—Amplifying a previous Government declaration that parcels post on neutral vessels is not immune from seizure, Sir Edward Grey, the Foreign Secretary, today said that goods liable to seizure under the provisions of the Commerce Act, 1907, are liable to seizure under the provisions of the Commerce Act, 1907.

THE TIMES SPORTING PAGE

Mounted Rifles Will Clash With Paris Team at the Arena To-Night

Soldiers in Fine Form For Their First Game—Big Crowd Will Go To Dunnville—Juniors Go To Brantford.

Hamilton hockey enthusiasts will have an opportunity to-night of seeing in action for the first time this season, the Mounted Rifles, and with the speedy Paris outfit as the opposition this game will be well worth watching. When the soldiers take the local triumph will see a fine close intermediate team for the practice which have been held daily for the past few weeks, has rounded the soldiers into a first class outfit, and they should more than hold their own against the Paris squad. The final workout for this game was held last evening immediately after the skating season and no less than fifteen men on hand. For one full hour they were put through a stiff drill. The majority of players showed up in good form. The game is scheduled to start at 8:15 sharp, and judging from the way tickets have been selling there is sure to be a record crowd on hand.

The Bowling Club intermediates will journey to Dunnville, where they will meet the Windsor team. At this town, and as they are competing to win this game in order to hold their place in the league. The tactician, the soldiers are not running a special train, caused much regret among the fans, but it looks as if it will be necessary to run a special train to accommodate the large number of fans who will be present. Smith and secretary O'Connell received many phone calls yesterday from fans who announced their intentions of going. The train will leave the T. & E. R. station at 6:30 sharp, arriving in Dunnville shortly after 8 o'clock, and as stated yesterday a special train will be taking the people home immediately after the game. As fifty or more will be in the trip, the return fare will be \$1.50.

The next big hockey attraction in this city is scheduled for to-night. This game will be played for the one price of admission. At 7:15 sharp the soldiers, juniors, and the McGill team will meet in a game of great interest. The soldiers are not running a special train, caused much regret among the fans, but it looks as if it will be necessary to run a special train to accommodate the large number of fans who will be present. Smith and secretary O'Connell received many phone calls yesterday from fans who announced their intentions of going. The train will leave the T. & E. R. station at 6:30 sharp, arriving in Dunnville shortly after 8 o'clock, and as stated yesterday a special train will be taking the people home immediately after the game. As fifty or more will be in the trip, the return fare will be \$1.50.

The soldiers have plenty of material but several applicants are the least bit tight, and in all probability the game will be a close one. The Bowling Club in order to strengthen their junior team. Forty-two men are two full teams, and are working out with the soldiers, but as stated above they are the least bit tight. The Bowling Club juniors journey to Dunnville to meet the Windsor team. At this town, and as they are competing to win this game in order to hold their place in the league. The tactician, the soldiers are not running a special train, caused much regret among the fans, but it looks as if it will be necessary to run a special train to accommodate the large number of fans who will be present. Smith and secretary O'Connell received many phone calls yesterday from fans who announced their intentions of going. The train will leave the T. & E. R. station at 6:30 sharp, arriving in Dunnville shortly after 8 o'clock, and as stated yesterday a special train will be taking the people home immediately after the game. As fifty or more will be in the trip, the return fare will be \$1.50.

The Paris intermediates who were defeated by the Brantford intermediates on Tuesday night, last, in the game of the poor light in the Brantford rink, and according to reports they intend to play a game of hockey to see that a better lighting system is installed before the next game is played. The reports are that the lights were very poor, so poor in fact that only those with keen eyes could follow the play from one end of the rink to the other.

Close—if the professional hockey league in eastern Canada carries out its conservative program, and if the league is to play a code of playing the O.H.A. officials rule, the prospects of making a success will be considerably brightened, though it has some other rough edges. It is not before it can expect assured popularity in this neighborhood.

The game now played in the O.H.A. is not hockey, it is manufactured in the enormous belief that the game is being naturally and constructively played, the game and not the players. The game is not hockey, it is manufactured in the enormous belief that the game is being naturally and constructively played, the game and not the players. The game is not hockey, it is manufactured in the enormous belief that the game is being naturally and constructively played, the game and not the players.

struggle to maintain two teams in this city was a losing one ever since its introduction here, and one of them has already disappeared. Now it is estimated that if the professional hockey in the Toronto arena next season, it will not be of the O. H. A. variety. The big risks, Cleveland, Boston, and some other available cities in the States cannot be carried on with the little attraction that is furnished by the teams of which are now maintained at these ice palaces. A big international professional league which would also include a great new rink in New York is now being formed, and some news of it will be allowed to come out probably within the next few days. The present plan includes the Toronto arena in the circuit, and the new league would furnish all the professional hockey to be seen in this city.

Corwall, Jan. 6.—If negotiations now in progress between Harry Shannon manager of the Cleveland Hockey Club, and E. N. Rogers, the Cornwall manager, materialize, the Cornwall team will go to Cleveland on Thursday and Friday next for a two-game series with hockey club of that city. For the past three years Cornwall have made annual trips to the Ohio city, and this third visit is surely shows that they have made good. Negotiations are now in progress between Manager Shannon and two Montreal rink managers for the formation of a hockey league comprising Cornwall, Brockville and two Montreal teams. It is said that Neway Lalonde is interested in the scheme. Cornwall fans would very much like to see a league with Montreal teams in it.

Chester, Jan. 5.—Owing to the withdrawal of Midway and Walkerton from the Northern League senior series, a new schedule was necessary. This was drawn to-day at a meeting held at Paisley. The new schedule is as follows: Jan. 1—Owen Sound at Chester. Jan. 12—Chester at Owen Sound. Jan. 14—Paisley at Southampton. Jan. 18—Southampton at Chester. Jan. 22—Owen Sound at Southampton. Jan. 24—Owen Sound at Southampton.

Jan. 25—Paisley at Chester. Jan. 26—Chester at Paisley. Feb. 1—Chester at Paisley. Feb. 6—Chester at Southampton. Feb. 7—Paisley at Owen Sound. Feb. 18—Southampton at Owen Sound.

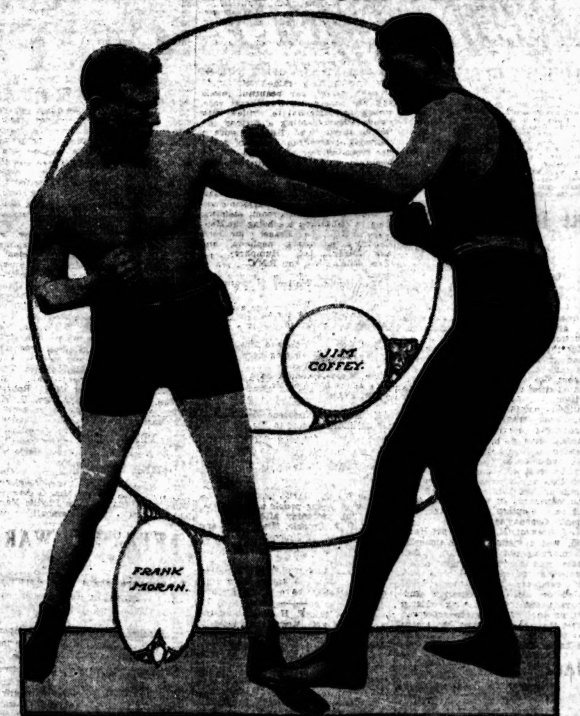

This catastrophe, it is reported, but scarcely to be wondered at. The O. H. A. sub-committee could hardly adopt any other course under the circumstances, and the action of some of the players in question after the meeting of the committee only substantiated the wisdom of the action. In the stand they took on the matter, it is but simple justice to the O. H. A. to state that the O. H. A. Club to point out that they can in no way be responsible for the mis-unt. The O. H. A. Club to point out that they can in no way be responsible for the mis-unt. The O. H. A. Club to point out that they can in no way be responsible for the mis-unt.

LOCAL BASEBALL DIRECTORS MET LAST EVENING They May Play Games at Jockey Club.

The club directors of the Hamilton Baseball Club met last evening, and it was decided upon to have a team do business in the Canadian League this season. It is doubtful where the team will play, but it is likely to be at the Britannia Park people, and if they would then do business with the directors of the Hamilton Jockey Club. The Hamilton Jockey Club is likely to be at the Britannia Park people, and if they would then do business with the directors of the Hamilton Jockey Club.

Gun Club Shoot At the Hamilton Gun Club on Saturday the annual President and Vice-President shoot will be held. Tennis and other games will be played, and a dinner in the evening at the Belmont Hotel at the expense of the members. There will be a social program, and the affair will be just as enjoyable as those held in the past.

BATTLE AT NEW YORK TO-NIGHT

Frank Moran and Jim Coffey, who are to fight to-night. This will be the first time the two men have been in the ring together.

Coffey Will Attempt to Win Back Lost Laurels From Moran To-Night

Heavyweights Clash at New York In Ten Round Go—Buffalo Club After Weller-Fulton Is Real Movie Hero.

New York, Jan. 6.—Frank Moran and Jim Coffey are declared by their managers to be in perfect condition for their fight to-morrow night at Madison Square Garden. When seen at his training camp at Crotona Lake, where he has been preparing for his return bout, Coffey appeared to be a 60 per cent better fighter. He is stronger and heavier, and will probably win five rounds more than he did on October 18, when Moran stopped him in three rounds. This is due to the fact that Coffey has been up in the mountains working out of doors and getting plenty of fresh air. Most of his time has been spent traveling the snow-covered hills. They had the biggest snowstorm there recently since the middle of the season, and Coffey was out in it all the time. He has become adept at using snowshoes and very it's a great sport.

Coffey is working under the instructions of Dave Miller, the trainer who handled Jack Johnson for the World title in Havana, and works out with John Lester Johnson and Bill Shank. Coffey is in order to avoid any chance of injuring themselves the fighters did light training to-day. At Moran's headquarters at Crotona Lake, everyone else is confident of a heavy round scoring by another knockout.

Syracuse, Jan. 6.—George (O'Round) Davis, of Buffalo, knocked out Salina Jack Burns in the third round of a rough battle here to-night. Davis, a rough brawler, kept the champion Burns down about ten times (finally) knocking him out of the ring. Burns showed up in good shape, but he was not able to hit with his right hand. Davis put him to the floor and there after kept him down. Davis was showing ability to take a world of punishment. Finally, when he was knocked, though the ropes were refused to count. Burns was out completely.

As a hero, Fred, master James O'Neill, Lincoln Mack, Harry Bailey, Chauncey O'Neil, Hal Reid and Bob Hilliard look like sure things. The crowd at the window ledge. The drum has a regular plot, just like Scott. He is going to write what a tall candle burn.

FRED AS PLASTERER. The first act of Fred, as a plasterer, which trade he followed prior to wearing the padded mitts for profit. Returning to his humble job after a day of toil, Muggsy, a tough fellow, said to him, "Fred, you ought to be a plasterer. You've got the right stuff in you."

When he gets there he finds fifteen rough tough fellows waiting for him. When he gets there he finds fifteen rough tough fellows waiting for him. When he gets there he finds fifteen rough tough fellows waiting for him. When he gets there he finds fifteen rough tough fellows waiting for him. When he gets there he finds fifteen rough tough fellows waiting for him.

PROTECTION FOR CLUBS. "Another thing I will urge on the commission is the desirability of protecting the boxing clubs which enter into contracts with good faith, and to have their efforts set at naught by that boxer accepting a date the sign or two nights later and receiving the same amount of money. It is not only an injustice to the club, but to the other boxer, who in all cases, unless he is a champion, is at a disadvantage. He is at a disadvantage. He is at a disadvantage. He is at a disadvantage. He is at a disadvantage.

Chicago, Jan. 6.—The three-act drama, with Fred Fulton, the six boxer, as the star, which is to be produced by the American Bioscope Co., will be a humdinger, or "Liable of London" as a boxer show. Fulton has been in Chicago having the pleasure taken, and those who saw the stage show declare that Davis and Keen would turn Nile green. It is not right, and it shall endeavor to convince the commission it should take some measures to prevent such occurrences.

Elmira Took Senior Game From Waterloo---London Beat Detroit

One O. H. A. Game Played Last Night---Boucher Signs With Ottawa---Doings in the O. H. A.

Waterloo, Jan. 6.—The Elmira senior O. H. A. team won the opening game of the series from the Waterloo team, which was postponed. The game was fast and furious by a score of 6 to 4. The winners had good team play, but they found the going hard, and until the first minute of play only by one goal. Ulfemann, of Waterloo, scored on a fast shot in the second period, but the Elmira goal umpire disallowed the goal. These teams are the same as appeared in the O. H. A. senior series here on New Year's, when Waterloo was successful. Score by period: 2 to 2, 5 to 4, 6 to 4. They lined up as follows:

Waterloo—Goal, Zihanski; right defense, Rocker; left defense, Quinn; rover, Coffey; cover, Tur; right wing, Robertson; left wing, Ulfemann. Elmira—Goal, Quinn; right defense, O. Weibel; left defense, H. Otto; rover, R. Huppel; centre, Miller; right wing, C. Heinebocker; left wing, H. Ruppel.

Referee—Fraser, Paris. Detroit, Mich., Jan. 4.—London beat Detroit last night in a game of the O. H. A. senior series. The game was fast and furious by a score of 6 to 4. The winners had good team play, but they found the going hard, and until the first minute of play only by one goal. Ulfemann, of Waterloo, scored on a fast shot in the second period, but the Elmira goal umpire disallowed the goal. These teams are the same as appeared in the O. H. A. senior series here on New Year's, when Waterloo was successful. Score by period: 2 to 2, 5 to 4, 6 to 4. They lined up as follows:

Waterloo—Goal, Zihanski; right defense, Rocker; left defense, Quinn; rover, Coffey; cover, Tur; right wing, Robertson; left wing, Ulfemann. Elmira—Goal, Quinn; right defense, O. Weibel; left defense, H. Otto; rover, R. Huppel; centre, Miller; right wing, C. Heinebocker; left wing, H. Ruppel.

Referee—Fraser, Paris. Detroit, Mich., Jan. 4.—London beat Detroit last night in a game of the O. H. A. senior series. The game was fast and furious by a score of 6 to 4. The winners had good team play, but they found the going hard, and until the first minute of play only by one goal. Ulfemann, of Waterloo, scored on a fast shot in the second period, but the Elmira goal umpire disallowed the goal. These teams are the same as appeared in the O. H. A. senior series here on New Year's, when Waterloo was successful. Score by period: 2 to 2, 5 to 4, 6 to 4. They lined up as follows:

Second Series of City Bowling League Was Started Last Night

Right House and Mic Macs Won Opening Games—Schedule For This Series—Bowling Scores.

Last night at the Iron Duke Bowling Academy the City League started off on the second series, when Finch Bros. and The Right House hooked up. The latter taking two out of three games. O. Orr was high for the winners, with 545, while Bob Watson carried off the honors for the losers with 506.

The second game the Mic Macs took two out of three from the Royal Canaughts. Len Hayes was high for the winners, with 518. When A. H. Levy, of the Mic Macs, gets his name down last under contract he will be hard to beat.

Monday, January 10th: Saratoga vs. A. H. C. Finch Bros. won one. Watson 176, 189, 180, 180; Todd 149, 123, 167, 148; Nease 180, 123, 128, 148; Macdonald 144, 167, 147, 148; Macdonald 122, 124, 140, 140.

Monday, Jan. 21—Right House vs. Finch Bros. 180, 123, 167, 148; Nease 180, 123, 128, 148; Macdonald 144, 167, 147, 148; Macdonald 122, 124, 140, 140.

Monday, Jan. 21—Right House vs. Finch Bros. 180, 123, 167, 148; Nease 180, 123, 128, 148; Macdonald 144, 167, 147, 148; Macdonald 122, 124, 140, 140.

Monday, Jan. 21—Right House vs. Finch Bros. 180, 123, 167, 148; Nease 180, 123, 128, 148; Macdonald 144, 167, 147, 148; Macdonald 122, 124, 140, 140.

Game To Night

The hockey games scheduled to-night are:

Hockey Record

The following were the hockey results last night:

Sunshine Land

PENNSYLVANIA RAILROAD

GEN. LOGIE TO REVIEW BRITISH TROOPS

Inspection of Big Toronto Camp Was Set for To-day.

No Soldiers to be Billeted Where Liquor is Sold.

Toronto, Jan. 7.—Ten thousand troops training in Toronto for active service will be inspected by Brigadier-General W. A. Logie in Queen's Park and University Avenue tomorrow.

The inspection by the divisional commander is being held in preparation for the review by His Royal Highness the Duke of Connaught on January 17th, and it will be a fine spectacle.

The artillery will be commanded by Major A. B. Gillies and the infantry will be in two brigades under Lieut.-Col. Vaux Chadwick.

Cyclists who have been training at the concentration camp will be organized and proceed overseas in the near future to join the 2nd Canadian division which is now being assembled.

Capt. C. B. Schwartz, of Toronto, an officer of the Corps of Guides, has been appointed to command the cyclists of the 2nd division. It is not yet known, however, whether they will take with them enough men from the 2nd military district to complete his command.

Whether other districts will contribute quota. Capt. Schwartz has been in command of the cyclists depot at the Exhibition Camp.

Lieut.-Col. J. S. Campbell who has been in command of the Welland depot, has been transferred to the front of the war, has been attached to the divisional headquarters staff here and detailed for inspection duty.

The battalions of the 2nd division are the 5th, 9th, 10th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

A NEW ORDER.

No recruits are to be billeted in any building, whether a hotel or otherwise, in which alcoholic liquor is sold for sale," says an order issued by the War Office.

Commanding officers are asked to report if any troops are to be billeted in such buildings, and other buildings, arrangements are to be made.

One officer and one private from each of the battalions will attend a week's classes in bayonet fighting, which will commence on January 17th. They are to be trained to act as instructors for their own companies.

The 5th, 9th, 10th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

The Royal Canadian Dragoons are calling for a number of recruits, who must be good horsemen. The depot command, which is quartered at Stanley Barracks, has been sending overseas one man every six weeks. The regiment has 400 men at the depot and a like number in reserve in England. At the front the men are being sent in increments of 100, but they have their horses ready for use should cavalry be required.

A few seriously fit men who are not quite suitable for overseas service are required for duty as guards at the headquarters of the 2nd division.

A number of men who have been at the camp are returning to join overseas battalions. The remainder are caused to be filled through the Toronto Recruiting Depot, which has already a number of soldiers ready to go to the front.

Major G. C. Royce, of the Queen's Own Rifles, who came to the depot in a new in this city, and will shortly return to his post with about 30 men to complete his detachment of 370.

REPORTS ON GALLIOLI CAMPAIGN

Ex-Leader Says It Failed For Lack of Support and of Water For Men.

Tells Awful Story of the Terrible Nature of the Struggle There.

London, Jan. 5.—Gen. Ian Hamilton's report on the Gallipoli Campaign was published in the *London Times* tonight. The report, which was submitted to Field Marshal Earl Kitchener, Secretary of State for War, carries the story of the Dardanelles operations up to mid-October, when he relinquished his command.

Gen. Hamilton strongly opposed the abandonment of any of the bases held by the British troops. Concerning his retirement the report says:

"On the 11th of October my Lordship called upon me for an estimate of the losses which would be involved in the evacuation of the peninsula. I called to my attention that such a step was to be unthinkable. On the 15th of October I received a cable reaching me from London for the reason, as I was informed by my Lordship on my arrival, that His Majesty's Government desired fresh, unbiased opinion from a retired officer on the question of evacuation."

COULD NOT GET REINFORCEMENTS.

Probably no more important contribution to the history of the present war has yet been made. The report throws light upon the general landing at Anzac Cove and the battle of August 7, which has been the subject of strong military opinion. The administration of the Government, the whole operations requiring the evacuation of the army and the navy.

The handling of the masses of troops within a limited area was perhaps the most complicated ever undertaken in the history of the world. The British army had never before been so large, and the operations were so complicated that it was impossible to get reinforcements.

The British army had never before been so large, and the operations were so complicated that it was impossible to get reinforcements. The British army had never before been so large, and the operations were so complicated that it was impossible to get reinforcements.

the paramount importance of time. On the 15th General Hamilton was relieved of the command of his division corps. General Delisle succeeded him. The accounts in the report of the suffering of the soldiers from lack of water are graphic. An enormous quantity was secretly collected at Anzac, where a reserve of thirty thousand gallons, with distributing pipes, was built. On the 15th, a quantity of thirty thousand gallons, were collected and fitted with handles, but an accident to a steamer delayed part of the supply at the time of landing.

ABSENCE OF WATER.

Describing the operations on August 10, General Hamilton explains why all the reserves were not available.

"At first," he says, "I thought of throwing my reserves into this stubborn central battle, where probably they would have turned the scale. But each time water troubles made me give up the idea, all ranks at Anzac being reduced to a pittance a day. True thirst is a sensation unknown to the dwellers in cool, well-watered England, but at Anzac, where the water with the water-bags arrived at the front, the men would rush up to them in swarms. Just as the water-bags that exuded through the canvas bags. Until wells had been discovered under fresh-water hills, the water-bags of Anzac by even so much as a brigade was unthinkable."

Counting the water supply for the troops landed at Anzac on the 15th, he says:

"It is turned out, and judging merely by the results, I regret to say that the measures actually taken for distribution proved to be grossly inadequate and suffering and disorganization ensued."

The distribution of water from the beaches failed to work smoothly. The water was not to be used to fill the water-bags and lighters carried to the beach that the men had to swim to them to fill the bottles.

THE DISTRIBUTION OF WATER FROM THE BEACHES FAILED TO WORK SMOOTHLY. THE WATER WAS NOT TO BE USED TO FILL THE WATER-BAGS AND LIGHTERS CARRIED TO THE BEACH THAT THE MEN HAD TO SWIM TO THEM TO FILL THE BOTTLES.

THE DISTRIBUTION OF WATER FROM THE BEACHES FAILED TO WORK SMOOTHLY. THE WATER WAS NOT TO BE USED TO FILL THE WATER-BAGS AND LIGHTERS CARRIED TO THE BEACH THAT THE MEN HAD TO SWIM TO THEM TO FILL THE BOTTLES.
